

# BACK WINDSHIELD SHADE INSTALLATION GUIDE

Groovy

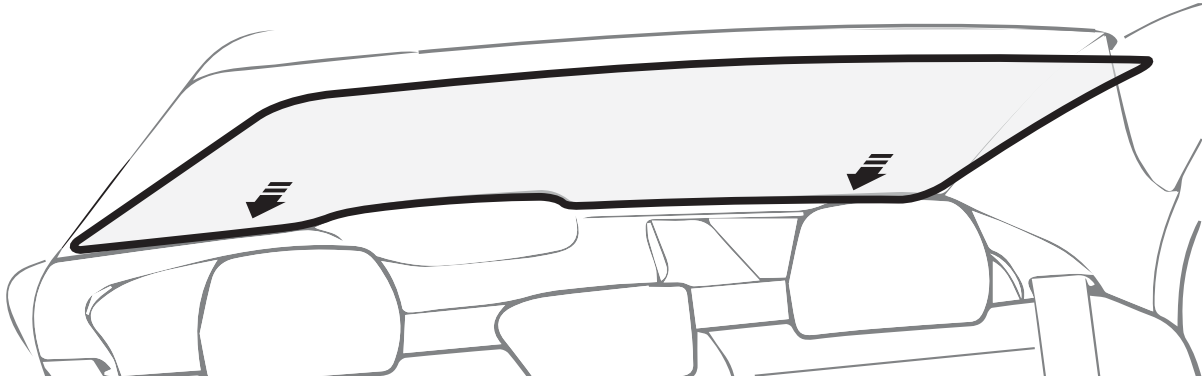

SD0-A

Quick installation with our built in tab holder.  
Installation made easy.

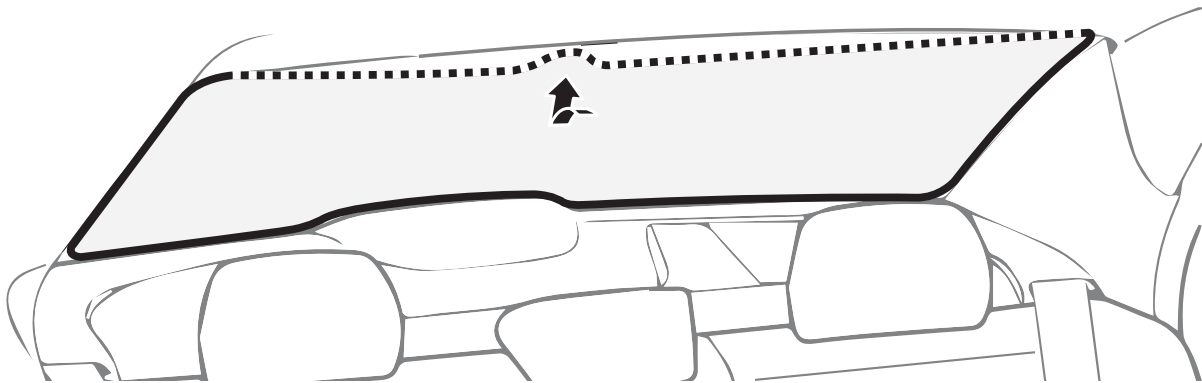

**!** AVOID use of sunshade when driving vision is impaired

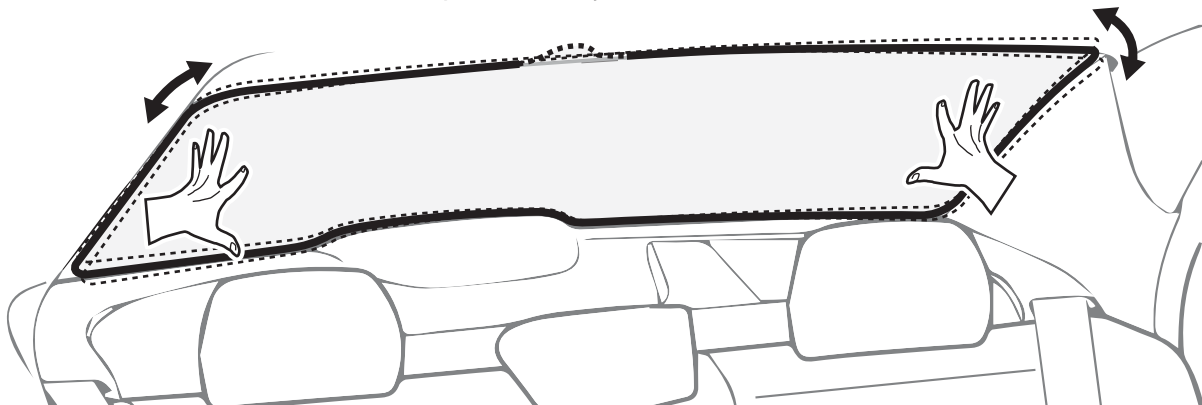

**1** Slide the bottom section of the shade to the end of the rear parcel shelf

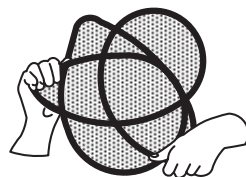

**2** Insert tab section of the shade into roof lining

**3** Once the rear windscreen shade is in position. Adjust the shade from the 2 sides for a better fitment.

The rear shade is foldable

**!** **Warning :** The high tension from the collapsed steel frame may cause injury. Please be cautious when unfolding the collapsed rear shade.
